

Amendments to the Drawings:

Please delete the new sheet of drawings depicting new FIG. 7 submitted with Applicant's November 27, 2009 Amendment.

REMARKS/ARGUMENTS

The claims are 1-16 and 18 which have been allowed. Claim 17 has been canceled along with the new FIG. 7 and the amendments to the specification referring to same added in Applicant's November 27, 2009 Amendment. Reconsideration is expressly requested.

Applicant wishes to thank the Examiner for the courtesy of a telephone interview on April 27, 2010, the substance of which is set forth herein and in the April 30, 2010 Advisory Action. The Examiner rejected claim 17 under 35 U.S.C. 112, first paragraph, as referring to a fluid medium whose particular detail was not clearly shown and objected to FIG. 7 and the amendments to the specification referring to same added in Applicant's November 27, 2009 Amendment as containing new matter. In response, Applicant filed a Response After Final on April 12, 2010 traversing the Examiner's position.

During the telephone interview on April 27, 2010, the Examiner advised that he had reviewed the April 12, 2010 Response and the arguments presented therein and that he would be issuing an Advisory Action indicating that the Examiner's position remained unchanged.

In response, without conceding the propriety of the Examiner's position taken in the Advisory Action and in order to expedite prosecution of this case, Applicant has canceled claim 17 along with the new FIG. 7 and the amendments to the specification referring to same added in Applicant's November 27, 2009 Amendment.

Accordingly, it is respectfully submitted that the application is now in condition for allowance.

In summary, claim 17 has been canceled along with new FIG. 7 and the amendments to the specification referring to same added in Applicant's November 27, 2009 Amendment. In view of the foregoing, withdrawal of the Final Office Action and allowance of this application are respectfully requested.

Respectfully submitted,

Peter GUST
